Objectives

Streamlining operations	Data accuracy and reliability	Centralized financial management
Improved member experience	Enhanced reporting and analytics	Scalability
Regulatory Compliance	Cloud Accessibility	

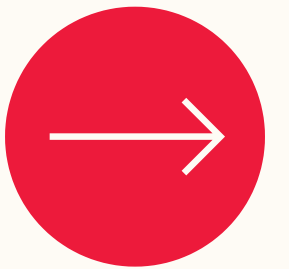

Company Overview

With a growing membership of nearly 3,000, over 95% of whom reside in the United States, the SACCO serves a diverse community of professionals, entrepreneurs, and individuals committed to Kenya's economic growth.

By tailoring its services to the unique needs of the diaspora, Kenya USA Diaspora SACCO fosters strong connections to Kenya while empowering members to build financial stability and long-term wealth.

Challenges

Limited Accessibility

As a desktop application, the vendor restricted access to on-site users, making it difficult for diaspora members and remote staff to interact with the system seamlessly.

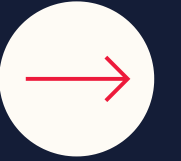

Scalability Issues

The vendor struggled to support the SACCO's growing membership and transaction volumes, leading to inefficiencies.

Lack of Integration

The system had limited capabilities for integrating various operational and financial processes, resulting in manual workarounds that were time-consuming and prone to errors.

Results

Cost Reduction	Increased Revenues	Faster Throughput	Paperless Operations
• Reduced IT and maintenance costs. • Lower operational overheads.	• Improved member service. • Faster loan processing.	• Enhanced transaction speed. • Efficient internal controls. • Better member financial management. • Enhanced financial insights.	• Document uploading and digital storage.

Client Testimonial

CoopMIS is a game-changer for SACCOs, designed to streamline operations, improve member services, and ensure compliance with regulatory requirements. It automates key processes like loan approvals and financial reporting, saving time and reducing errors. Members benefit from real-time updates and digital access, enhancing their experience and trust in the SACCO.

The system is scalable, cost-effective, and provides robust financial insights, empowering SACCOs to make informed decisions and stay competitive.

With excellent support from the CoopMIS team, transitioning is seamless, and the long-term benefits are undeniable. If you're looking for a solution to modernize your operations and drive growth, CoopMIS is the way to go.
